

**Summer 2017-2018**

**Combined Northland and Waitemata Restricted Points Series**

**Proudly sponsored by Gyro Plastics**

**Has your horse/pony recently started competing at show hunter?  
If your horse/pony has 40 points or less recorded by ESNZ at the  
start of the 2017/18 season then this series is for you!**

This year as part of their summer season competition, Northland Show Hunter and Waitemata Show Hunter have teamed up to run a combined Northland and Waitemata restricted points series which is generously sponsored by Gyro Plastics. Prizes (including rugs) will be awarded to the top scoring horse and pony from points gained in the restricted points classes across all the summer series shows run by Northland and Waitemata.

At each show there will be at least one nominated class for horses and one for each of the pony categories where series points will be awarded to the best placed restricted horses and ponies. In order to be eligible for this restricted points series, the horse/pony is only allowed to have 40 points or less recorded by ESNZ as at 1 August 2017.

The series is intended to encourage new people into show hunter and aims to reward those horses/ponies that are not yet experienced enough to have earned a lot of points.

Northland's shows will be held on 8 October 2017 in Kaikohe, 21 & 22 October at Barge Park in Whangarei, 12 November at Waimate, 10 December and 21 January 2018 at Barge Park in Whangarei. Waitemata's shows will be held on 16 & 17 December 2017, 20 January 2018 and 24 & 25 February 2018 all at Woodhill Sands Equestrian Center. Prizes (including rugs for winners) will be presented to the series winners at Waitemata's February show.
